Brand Guidelines

Our Brand Story

VITA enhances quality of life by providing compassionate, human-centered home care and companionship services. We focus on reducing loneliness while supporting autonomy and dignity.

Mission & Vision

Our mission is to provide personalized care that promotes wellbeing and independence. Our vision is a world where aging is experienced with dignity, connection, and comfort.

Brand Voice & Tone

Warm, empathetic, reassuring, and professional. Communication must be clear, human, and supportive, always centered on trust and compassion.

Logo Usage

Do not stretch, distort, recolor or overcrowd the logo. Maintain consistent spacing and visibility.

Color System

Primary Green: Represents growth, life and care. Primary Red: Represents compassion and human connection. Use white and black for balance and clarity.

Typography

Use clean, modern fonts with high readability across digital and print materials.

Key Services

Companionship, daily assistance, support for chronic conditions, transportation to appointments, and transition support to care environments.
